

WASHINGTON FIRE COMMISSIONERS ASSOCIATION CONFERENCE MEMORIAL SERVICE

During each annual conference opening ceremonies, a memorial service is held for fire commissioners, secretaries and chiefs who have passed away during the year. The service consists of a PowerPoint presentation that includes a pictorial tribute, as well as a printed document memorializing each individual. We rely on deceased members' districts to provide us with obituaries, memories, and photos to create these tributes and properly honor those who have passed away. We ask that you fill out this form, include an obituary/information about the deceased, as well as a photograph, and return the material to the association office. If there is someone else who could better supply the information, we ask that you please pass this on to them.
