

State Reimbursement Available for Fire Protection at Schools

State funding for fire protection in school districts is determined by the Legislature in the biennial operating budget. Formula allocations are based on student enrollments and other characteristics of each school district and are paid on a predefined allocation schedule.

Eligible school districts under the formula receive state funds as part of the July apportionment to reimburse fire districts for the costs of fire protection services. The state payment is \$1.195072 per pupil for 2017-18 (<http://www.k12.wa.us/SAFS/Misc/ApportionmentNotes.asp>), based on the headcount as reported in the October 2017 School Enrollment Report.

Fire district payments received but not expended by school districts for this purpose are recovered by the state. Fire district payments, while part of the basic education allocation, are not part of the basic education entitlement.

You may track future apportionments or sign up for alerts on the Office of Superintendent of Public Instruction's (OSPI) website at <http://www.k12.wa.us/SAFS/default.asp>.

WAC 392-121-460. Fire district allocation.

In addition to those moneys distributed for basic education purposes, school districts are entitled per RCW 52.30.020 to be reimbursed for moneys expended for the purchase of fire protection services from fire protection districts. Only school district's school plants located in a fire protection district established pursuant to Title 52 RCW shall be eligible for such moneys.

Payment to districts shall be made each July as a part of the monthly apportionment allocation.

The headcount enrollment used to compute each district's reimbursement will be as of October 1 of the school year for which the allocation is being made. The count shall be entered on forms provided to school districts by the superintendent of public instruction.

Any moneys allocated to school districts for the purpose stated in this rule and not used for this purpose shall be recovered by the superintendent of public instruction from a district's monthly apportionment allocation.
